SUMMARY

I am a motivated and diligent high-school student with a strong commitment to integrity and excellence. I am dedicated to continuous learning and seeking opportunities in computer science and tech fields to apply my skills and make a lasting and positive impact in the workforce.

EDUCATION

Turner Fenton Secondary School | Grade 11 | 95+ Grade Average *Expected Graduation Date: 2027*

- Demonstrates academic excellence while actively participating extracurricular activites
- Balanced involvement in multiple sports teams, clubs, and leadership positions
- Earned numerous prestigious awards while maintaining a strong academic record simultaneously

WORK EXPERIENCE

Internships | *Trident Consulting* | Software Developer/Cloud Consultant Intern *June - September 2025*

- **Trident Consulting** is a top tier Canadian technology consulting startup, renowned for its elite team of cloud computing experts and some of the best tech-leaders in Canada, specializing in AI, cybersecurity, and multi-cloud architecture.
- I spearheaded development of a secure company web portal as primary front-end developer using **ReactJS, HTML, Tailwind CSS**, delivering a production-ready solution within 6 weeks.
- Proactively contributed to **architecture and cybersecurity design**, integrating **AWS, Microsoft Azure**, **Cloudflare**, and **Terraform (IaC)** to ensure scalability and resilience.
- Authored **10+ pages of comprehensive documentation** covering system architecture, deployment workflows, and security protocols to support long-term maintainability using **Confluence & Jira** software.
- Delivered a polished final demo presentation to stakeholders, showcasing strong communication and project leadership skills. ProjectSicuro
